Nick Anderson, County Attorney, presented an “Agreement for Advancement and Repayment of Funds” regarding the construction of a new Mental Health Center building in Worthington. Several items of this agreement were highlighted and discussed with the Board. They questioned item #7: Other Indebtedness – which states, “The Municipal Entities understand that SWMHC will be obtaining a loan from other sources for approximately $600,000. Priority for any mortgage or other security taken for said loan shall be determined pursuant to Minnesota Law”. Commissioners felt that the money should be obtained from “in-house”, rather than “from other sources”. They also felt that a 30 year commitment, with a 10-year opt out clause, was too long. Another Southwestern Mental Health Center meeting will be held on Wednesday night.
